Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Thursday 11 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Bright for most to start Thursday but turning cloudier.

Today:
Dry with plenty of brightness to start after any early mist clears. Cloud thickening through the afternoon with occasional outbreaks of rain into the evening and a strengthening wind. Maximum temperature 11 deg C (52 deg F).

Tonight:
A cloudy, breezy but mild night with occasional outbreaks of rain likely, these turning heavier and more persistent by dawn. Minimum temperature 7 deg C (45 deg F).

Friday:
A windy day on Friday, largely cloudy with occasional outbreaks of rain on and off through the day. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
Winds easing into the weekend, but cloudy for most with outbreaks of light rain or drizzle, and some fog moving in from the North Sea.
